Your MLS or Association can make it easy for members to show and sell listings by adding ShowingTime's **MLS-integrated online scheduling & feedback system.** It reduces scheduling issues by simplifying the showing request & confirmation process, enabling agents to work efficiently while on the go.

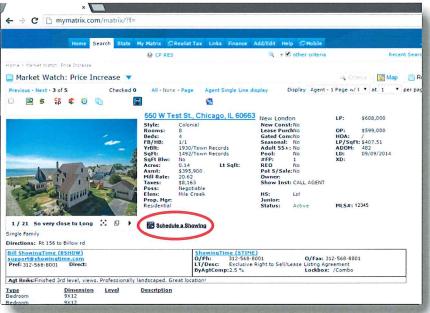

What It Does:

- ♦ Gives agents 24/7 access to request showings
- ♦ Delivers requests immediately to listing representatives
- ♦ Reduces/eliminates showing-related calls, phone tag
- ♦ Generates feedback for listing agents/sellers
- Helps sell homes more efficiently

Also accessible via the **ShowingTime Mobile App**, it includes a **ShowingCart**, enabling agents to schedule multiple showings quickly while automatically mapping a *Buyer's Tour*. Additional features available:

- ♦ Enhanced Notifications Allows confirmations via 2-way texting and automated calls, while also equipping sellers to use the mobile app
- Enhanced Feedback Includes photos & customized questions for better response rates
- Analytics Advanced reporting tools that combine showing activity with sales and inventory data
- ♦ Appointment Center An MLS-wide call center for your market, staffed with live appointment specialists 24/7/365

How It Works:

- Agents logged into the MLS click the 'Schedule a Showing' link next to a listing.
- 2. Listing representative(s) are immediately notified by email, text and/or push.
- The showing agent is then notified by email, text, push and/or automated call, "your showing is confirmed."

Benefits for Showing Agents:

- ✔ Point and click/tap to request showings 24/7
- ✓ Reduce phone calls to check if listings are available
- ✓ Communicate more efficiently with listing agents & offices
- ✔ Receive notifications via email, text, voice or push

Benefits for Listing Agents and Offices:

- ✓ Add the "Schedule a Showing" link to listings in minutes
- ✓ Generate showing requests 24/7
- ✓ Eliminate repetitive calls from agents checking availability
- ✓ Automatically notify sellers about showings, feedback
