# SHOWINGTIME FRONT DESK

ShowingTime introduces the real estate industry's leading web-based showing management system. Fully accessible via the internet, ShowingTime Front Desk can benefit offices and agents alike to improve the scheduling and feedback process.
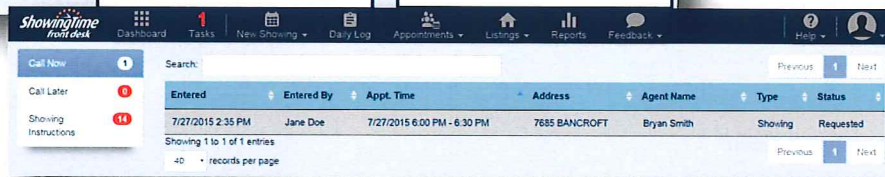

ShowingTime™ front desk

Key Features:

✓ Automatically links to your MLS to download your listings, other offices, and agent rosters

✓ Four ways to confirm showings: text, mobile app, email or phone call

✓ Mobile app for you and your sellers for access anytime, anywhere

✓ Sends showing notifications, price reduction & feedback request emails

✓ Generates listing activity reports for you & your sellers to track showing activity and feedback

Scheduling Appointments

Front Desk's layout gives staff & managers a sleek view of listing details, showing agent information, instructions, date & time selections, and additional options to make the scheduling process easy.

Need to make a call later? Front Desk is built with smart technology to organize call tasks in the order in which they need to be performed.

How much does it cost?

Front Desk pricing is based on the total number of agents. No technical staff is required and training resources will be readily provided for you.
